

CADDY TRAY CARTS & MOBILE SUPPORT EQUIPMENT

Designed for the most demanding cafeterias, kitchens, and dish rooms, these units are fully welded and are constructed from 304 stainless steel. Strong tubular legs and heavy-duty casters are standard to provide efficiency, safety, and durability. Tray and silver caddies provide an organized way of serving and storing. Dish and rack caddies are designed to fit under counter tops and come in a slim line option. Transfer, storage, and bussing caddies provide a perfect solution for handling and storing of trays, tableware, dish racks, and refuse.
